Preliminary Assessment Report — FT-2026-36879

Preliminary analyst-support report — not a regulatory or licensing decision and not an approval. Demonstration environment with synthetic data; not affiliated with SAMA.

Application

Reference	FT-2026-36879
Company	Tamweelak Digital Co. (fictional)
Service category	Bnpl
Workflow status	Pending Human Review
Commercial registration	1010998877
Paid-up capital (SAR)	8,000,000
Hosting location	Frankfurt, Germany

Summary

Preliminary risk level: High

[Automated summary — mock mode] Preliminary assessment of Tamweelak Digital Co. (fictional) (FT-2026-36879), category Bnpl: 7 potential gaps, 0 information gaps, 3 risk indicators and 8 potentially applicable requirements. Missing documents: 6. Preliminary risk level: HIGH. Human review is required before any action.

(AI-generated)

Findings (18)

Severity	Type	Finding	Evidence	Source
High	Gap	Potential gap: Minimum paid-up capital (BNPL/lending) Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-CAP-CREDIT: paid_up_capital_sar=80000000.00 >= 10000000 not satisfied	RIP-SYN-001 2026.1 — المادة 2 - متطلبات رأس المال [verified citation]
Medium	Gap	Potential gap: Consumer protection policy Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-CP-01: missing documents: CONSUMER_PROTECTION_POLICY	RIP-SYN-001 2026.1 — المادة 8 - حماية العملاء والإفصاح [verified citation]
High	Gap	Potential gap: Cybersecurity policy Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-CYB-01: missing documents: CYBERSECURITY_POLICY	RIP-SYN-001 2026.1 — المادة 5 - الأمن السيبراني [verified citation]

SYNTHETIC DEMO

Severity	Type	Finding	Evidence	Source
Medium	Gap	Potential gap: Personal data protection policy Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-DP-01: missing documents: DATA_PROTECTION_POLICY	RIP-SYN-001 2026.1 — المادة 6 - حماية البيانات الشخصية [verified citation]
Medium	Gap	Potential gap: Governance structure submitted Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-GOV-01: missing documents: GOVERNANCE_STRUCTURE	RIP-SYN-001 2026.1 — المادة 3 - الحوكمة والهيكل التنظيمي [verified citation]
Medium	Gap	Potential gap: Outsourcing agreements and exit plan Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-OUT-01: missing documents: OUTSOURCING_AGREEMENTS	RIP-SYN-001 2026.1 — المادة 7 - الإسناد إلى أطراف خارجية [verified citation]
Medium	Gap	Potential gap: Risk management framework Interpretation: Potential gap against configured (synthetic) requirements; requires analyst confirmation.	Deterministic check of SYN-RISK-01: missing documents: RISK_MANAGEMENT_FRAMEWORK	RIP-SYN-001 2026.1 — المادة 9 - إدارة المخاطر [verified citation]
High	Risk	Customer data hosted outside the Kingdom Interpretation: Potential risk indicator under configurable rules; not by itself a finding of non-compliance.	Observed value: "Frankfurt, Germany" — rule: data_hosting_location not_in ['KSA', 'Saudi Arabia', 'السعودية', 'الرياض', 'جدة', 'الدمام']	RIP-SYN-001 2026.1 — المادة 6 - حماية البيانات الشخصية [verified citation]
Medium	Risk	Reliance on third-party providers for core functions Interpretation: Potential risk indicator under configurable rules; not by itself a finding of non-compliance.	Observed value: true — rule: uses_third_party_providers == True	RIP-SYN-001 2026.1 — المادة 7 - الإسناد إلى أطراف خارجية [verified citation]
Medium	Risk	Projected first-year growth above 300% Interpretation: Potential risk indicator under configurable rules; not by itself a finding of non-compliance.	Observed value: 420.0 — rule: projected_growth_pct > 300	—

SYNTHETIC DEMO

Severity	Type	Finding	Evidence	Source
Info	Regulatory	Potentially applicable requirement: المادة 2 - متطلبات رأس المال Interpretation: [Mock] This passage was retrieved for the topic 'capital' and may apply to the service category (BNPL).
